

This document certifies that

Treeplanters.net / Furn.nl / Jebede

has sponsored the restoration and conservation of

**2,5 hectares of forest
growing an estimated 3 000 trees**

In the **Copperbelt** project in **Zambia**

In addition, this will:

- Increase food security
- Improve nutrition
- Improve household income by supporting forest-friendly incomes such as beekeeping, which in turn will reduce pressure on the forests.

Thank you for Making Earth Cooler!
